

# FERTI MAX™

8-2-4

## Complete Bio-Fertilizer

FERTI MAX™ provides a dynamic blend of amino acids plus primary and micronutrients in a pro-biotic liquid complex. These combine to promote deep root growth and strong vertical and horizontal growth which is essential to managing high quality turf grass, shrubs, trees and flowers.

FERTI MAX™ Promotes balanced leaf, stem and root growth of all plants, trees and turf!

FERTI MAX™ improves turf color as well as quality of mowing and play performance on golf greens and tees while it supplies essential nutrients commonly lost due to regular mowing and leaching.

### Benefits of Use:

- ◆ Balanced nutrition for turf, shrubs, trees and flowers!
- ◆ Promotes deep green leaf color
- ◆ Improves ball roll and play on golf greens
- ◆ Improves heat and drought tolerance
- ◆ Enhances disease resistance
- ◆ Buffers Harmful Salt
- ◆ Stimulates beneficial aerobic soil microbes
- ◆ Easy to use all-purpose liquid formula
- ◆ Use year-around!

### Application Instructions:

FERTI MAX™ is highly concentrated and should be mixed with water to ensure adequate coverage.

### GREENS, TEES AND TURF GRASS:

Apply 2-10 gallons per acre in 100-200 gallons of water or for smaller areas apply 8-32 ounces per 1000 square feet in 5-10 gallons of water every 2-4 weeks or as needed with sprayer or through a fertilizer injection system. Water thoroughly.

### FOLIAR FEEDING- Shrubs, Trees and Flowers:

Mix 1-quart of FERTI MAX and 1-quart of Biofeed MULTI-CARE per 100 gallons of water and spray onto foliage to point of run-off. Repeat as desired.

### ROOT FEEDING:

Mix 3 gallons of FERTI MAX and 0.5 gallons of Biofeed MULTI-CARE per 100 gallons of water and inject 0.5-1 gallon of solution per inch of trunk into root zone of trees and shrubs as desired 1-2-times per year.

Consult your Biofeed Products supplier for additional directions for use.

### Guaranteed Analysis:

Total Nitrogen.....	8.0%
7.0% Urea Nitrogen	
1.0% Water Soluble Organic Nitrogen	
Available Phosphoric Acid (P <sub>2</sub> O <sub>5</sub> ).....	2.0%
Soluble Potash (K <sub>2</sub> O).....	4.0%
Iron (Fe).....	0.05%
Manganese (Mn).....	0.03%
Zinc (Zn).....	0.03%

Derived from Urea, Protein Hydrolysate, Phosphoric acid, Potassium Hydroxide, Iron Glycinate, Zinc Glycinate, Manganese Glycinate.

Also contains all natural humic and fulvic acids, surfactants, enzymes, amino acids, biostimulants, and buffers.

### Storage and Disposal:

Keep products in original container. Do not transfer into food or drink containers. Triple rinse when empty for recycling. Always dispose of container in accordance with local, state, and/or federal regulations.

Jar test for compatibility prior to final tank mixing with other fertilizer products.

### Availability:

2.5 gallon jugs, 55 gallon drums or 275 gallon bulk containers.

### Physical Characteristics:

9.9 LB/gal. pH 7.5 (0.792 Lb. N/gal.)

### Condition of Sale:

The information herein is believed to be accurate and reliable. Buyer and user assume all liability from use of this material. Follow directions carefully. Timing, method of application, weather, plant, crop or turf conditions, and other factors are beyond the control of the seller. Keep out of reach of children. May be harmful if swallowed.

MSDS available upon request.
